

ICUEMAP

Manual for generating patent family tree

How to generate patent family tree for a specific publication number?

The screenshot shows the iCUEMAP search interface. At the top left is the iCUEMAP logo. Below it is a search input field with the placeholder text "Enter Publication Number" and a red search button labeled "Search". Below the search button are two radio button options: "Family Tree" (which is selected) and "Download INPADOC Family Members of one or more Patents". Below the options is a "Disclaimer:" section with text explaining that the family tree is grouped genealogically based on priority information extracted from INPADOC. Three red callout boxes with numbers 1, 2, and 3 are overlaid on the interface. Callout 1 points to the search input field, callout 2 points to the search button, and callout 3 points to the "Family Tree" radio button.

Enter your Publication number with country code
Like US8687908

Click on search button to generate tree

Make sure Family tree option is checked while
generating tree.

How to generate patent family tree for a specific publication number?

The screenshot displays the iCUEMAP web application interface. At the top, contact information is provided: +91-(988)-873-2426 (Ind), +1-(339)-237-3075 (USA), and info@icuerious.com. The iCUEMAP logo is on the left, and a 'User Guide' button is on the right. A search bar contains 'US8687908' and a red 'Search' button. Below the search bar, there are two options: 'Family Tree' (selected) and 'Download INPADOC Family Members of one or more Patents'. A 'Disclaimer' section states: 'The family tree is grouped genealogically based on the priority information extracted from INPADOC'. A 'Leave Feedback' link with a red arrow is at the bottom left. The main content area shows a 'US Claim Analyse' button and a legend for patent status: Granted (black circle), Application (grey circle), US (pink circle), CON (orange circle), CIP (green circle), and DIV (blue circle). A diagram shows two patent entries: 'US8433150 (B2)' and 'US8687908 (B2)', connected by a dashed line labeled 'CON'. A red arrow points from the search bar area to the text 'Generated family tree for Publication Number US8687908.'

How to read/view family members inside family tree?

The screenshot displays the iCUEMAP interface. At the top, contact information is provided: +91-(988)-873-2426 (Ind), +1-(339)-237-3075 (USA), and info@icuerious.com. The iCUEMAP logo is on the left, with a search bar containing 'US8687908' and a 'Search' button. Below the search bar are options for 'Family Tree' (selected) and 'Download INPADOC Family Members of one or more Patents'. A disclaimer states: 'The family tree is grouped genealogically based on the priority information extracted from INPADOC'. A 'Leave Feedback' link is at the bottom left. The main area shows a 'US Claim Analyse' view with a legend for patent status (Granted, Application, US, CON, CIP, DIV) and a family tree diagram. A hand icon points to the node 'US8687908 (B2)' with the text 'Click'. A detailed view of this node is shown, including publication numbers (US2013223746 (A1); US8687908 (B2)), publication dates (20130829; 20140401), and date of application (20130329). Below this information are four buttons: 'Google Patent Public Search', 'Download Claims', and 'Espacenet'.

You can open same publication number in Google patents, US public search platform & Espacenet.

How to generate multiple family trees at once?
